AN EVENING IN THE ISLANDS

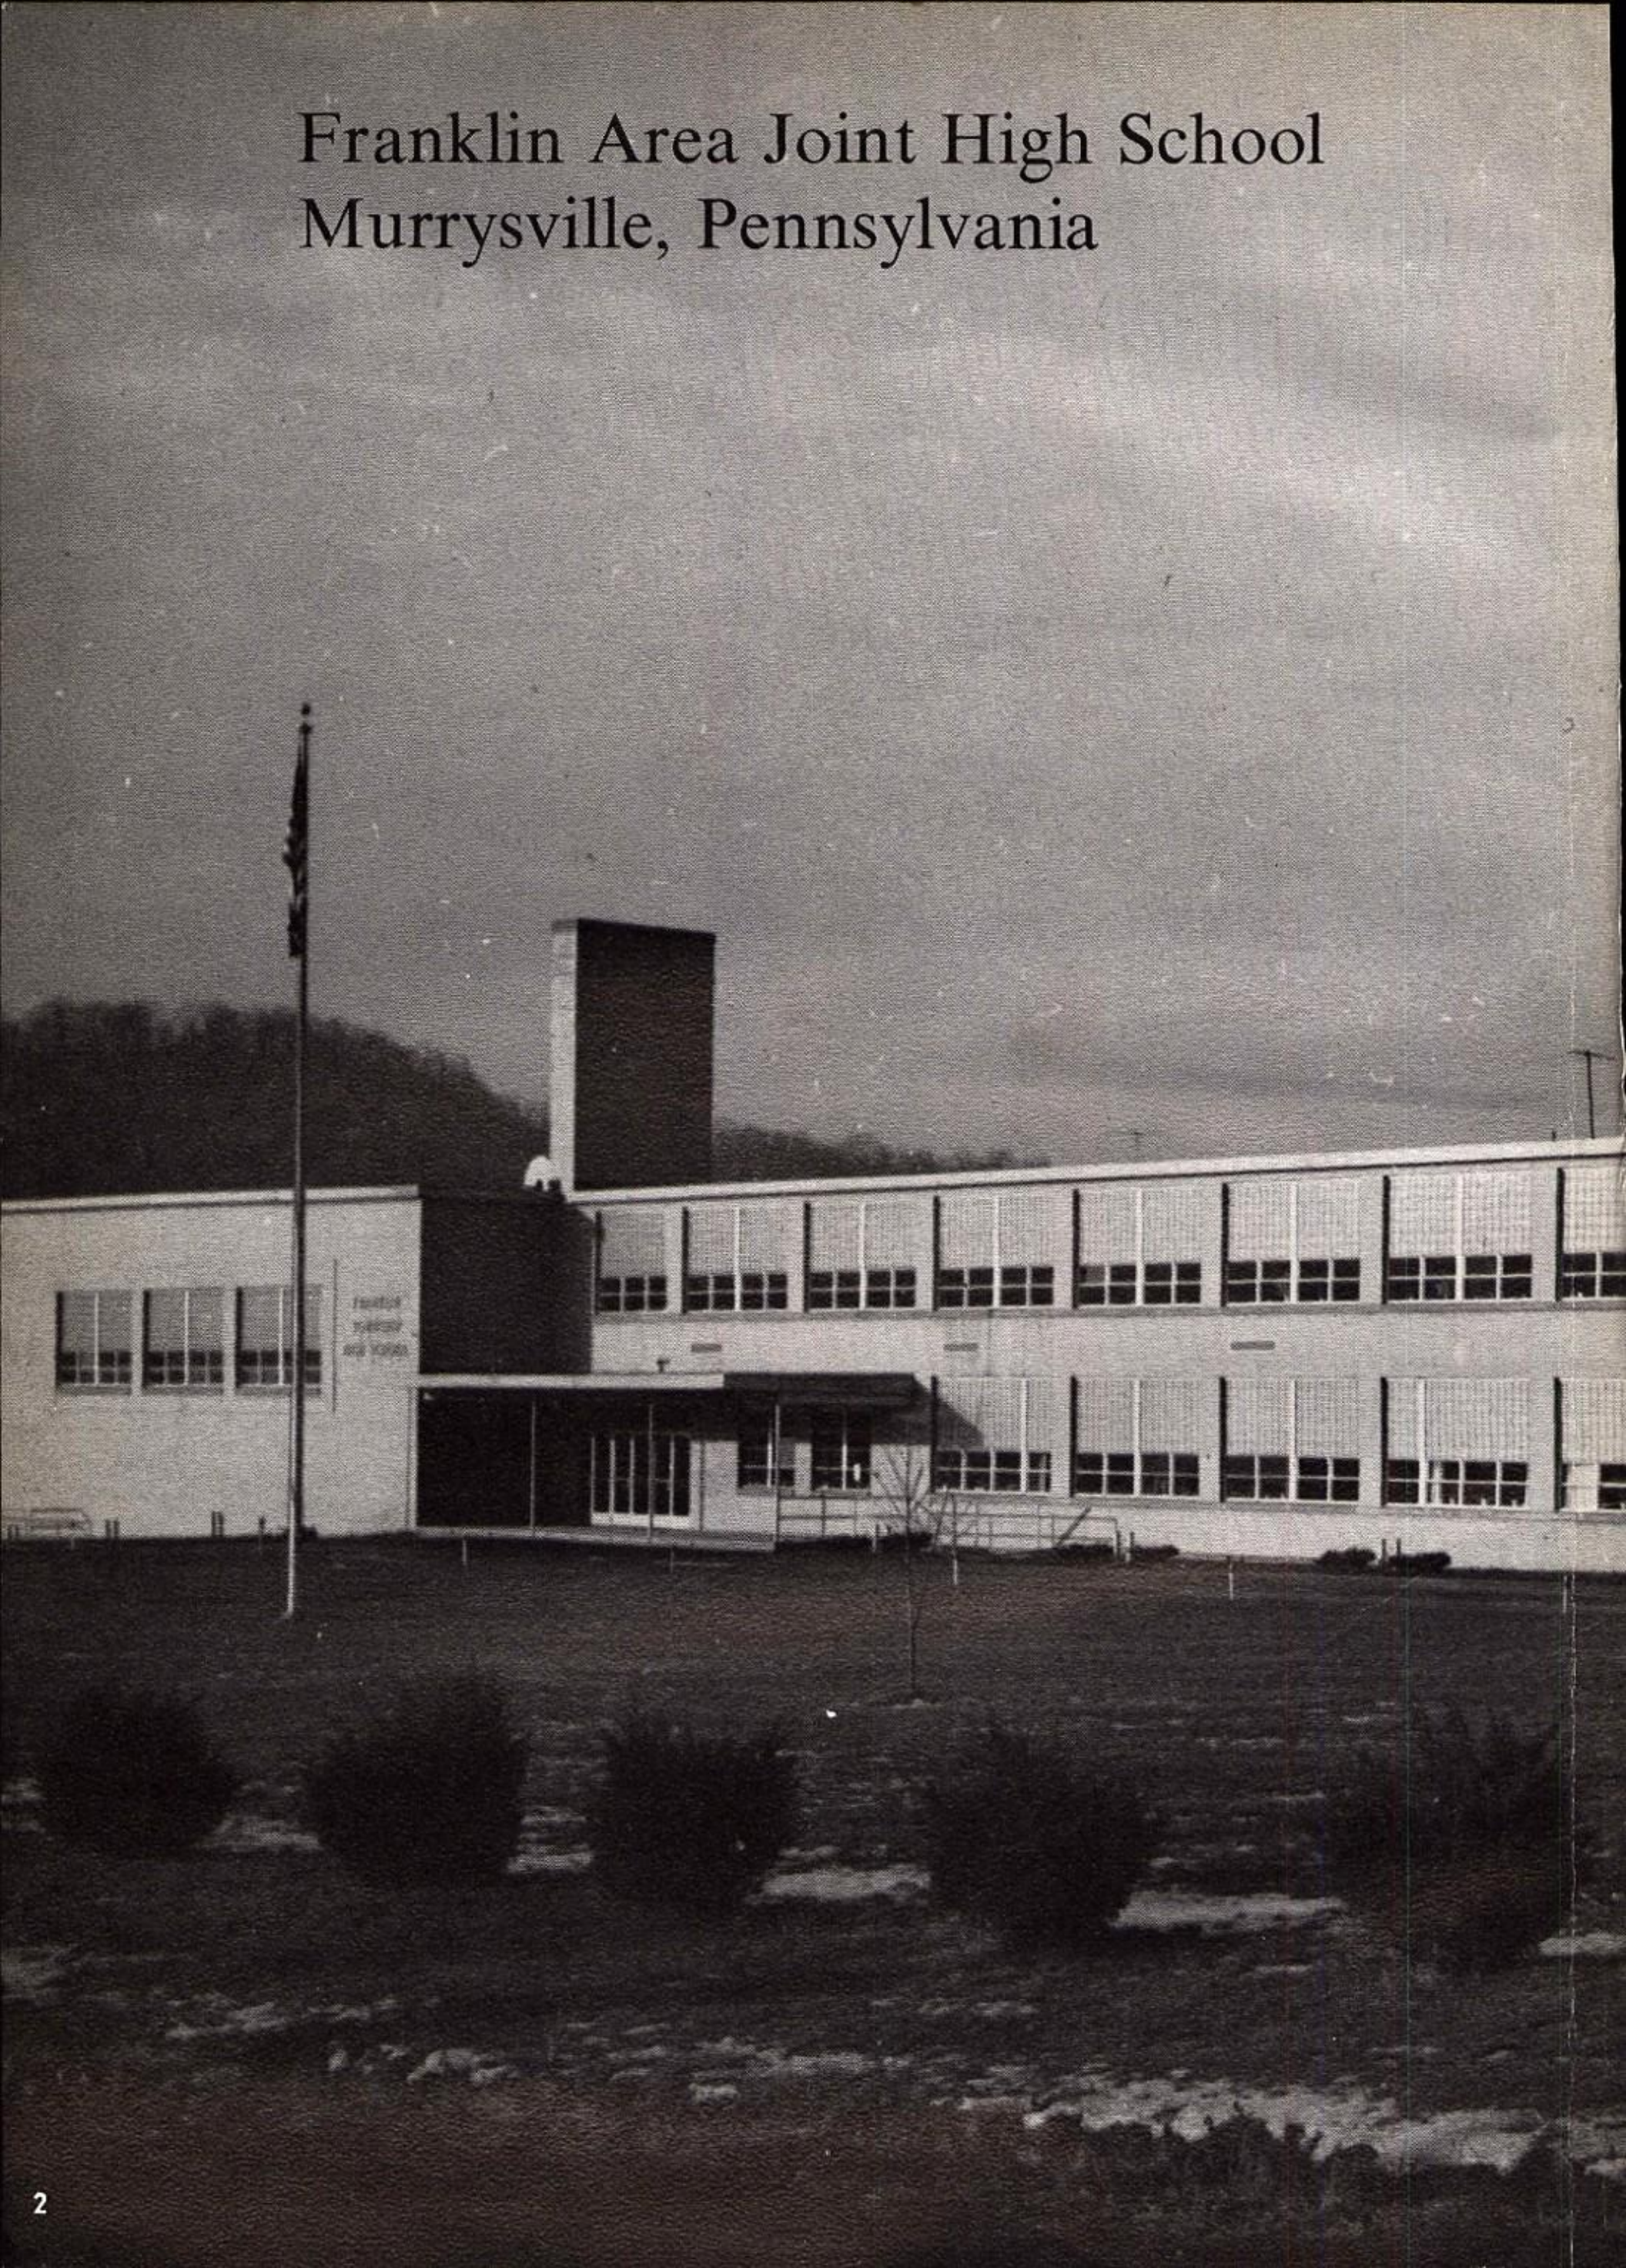
May 12, 1961

"Down the fair-chambered corridor of years,
The quiet shutting, one by one, of doors."

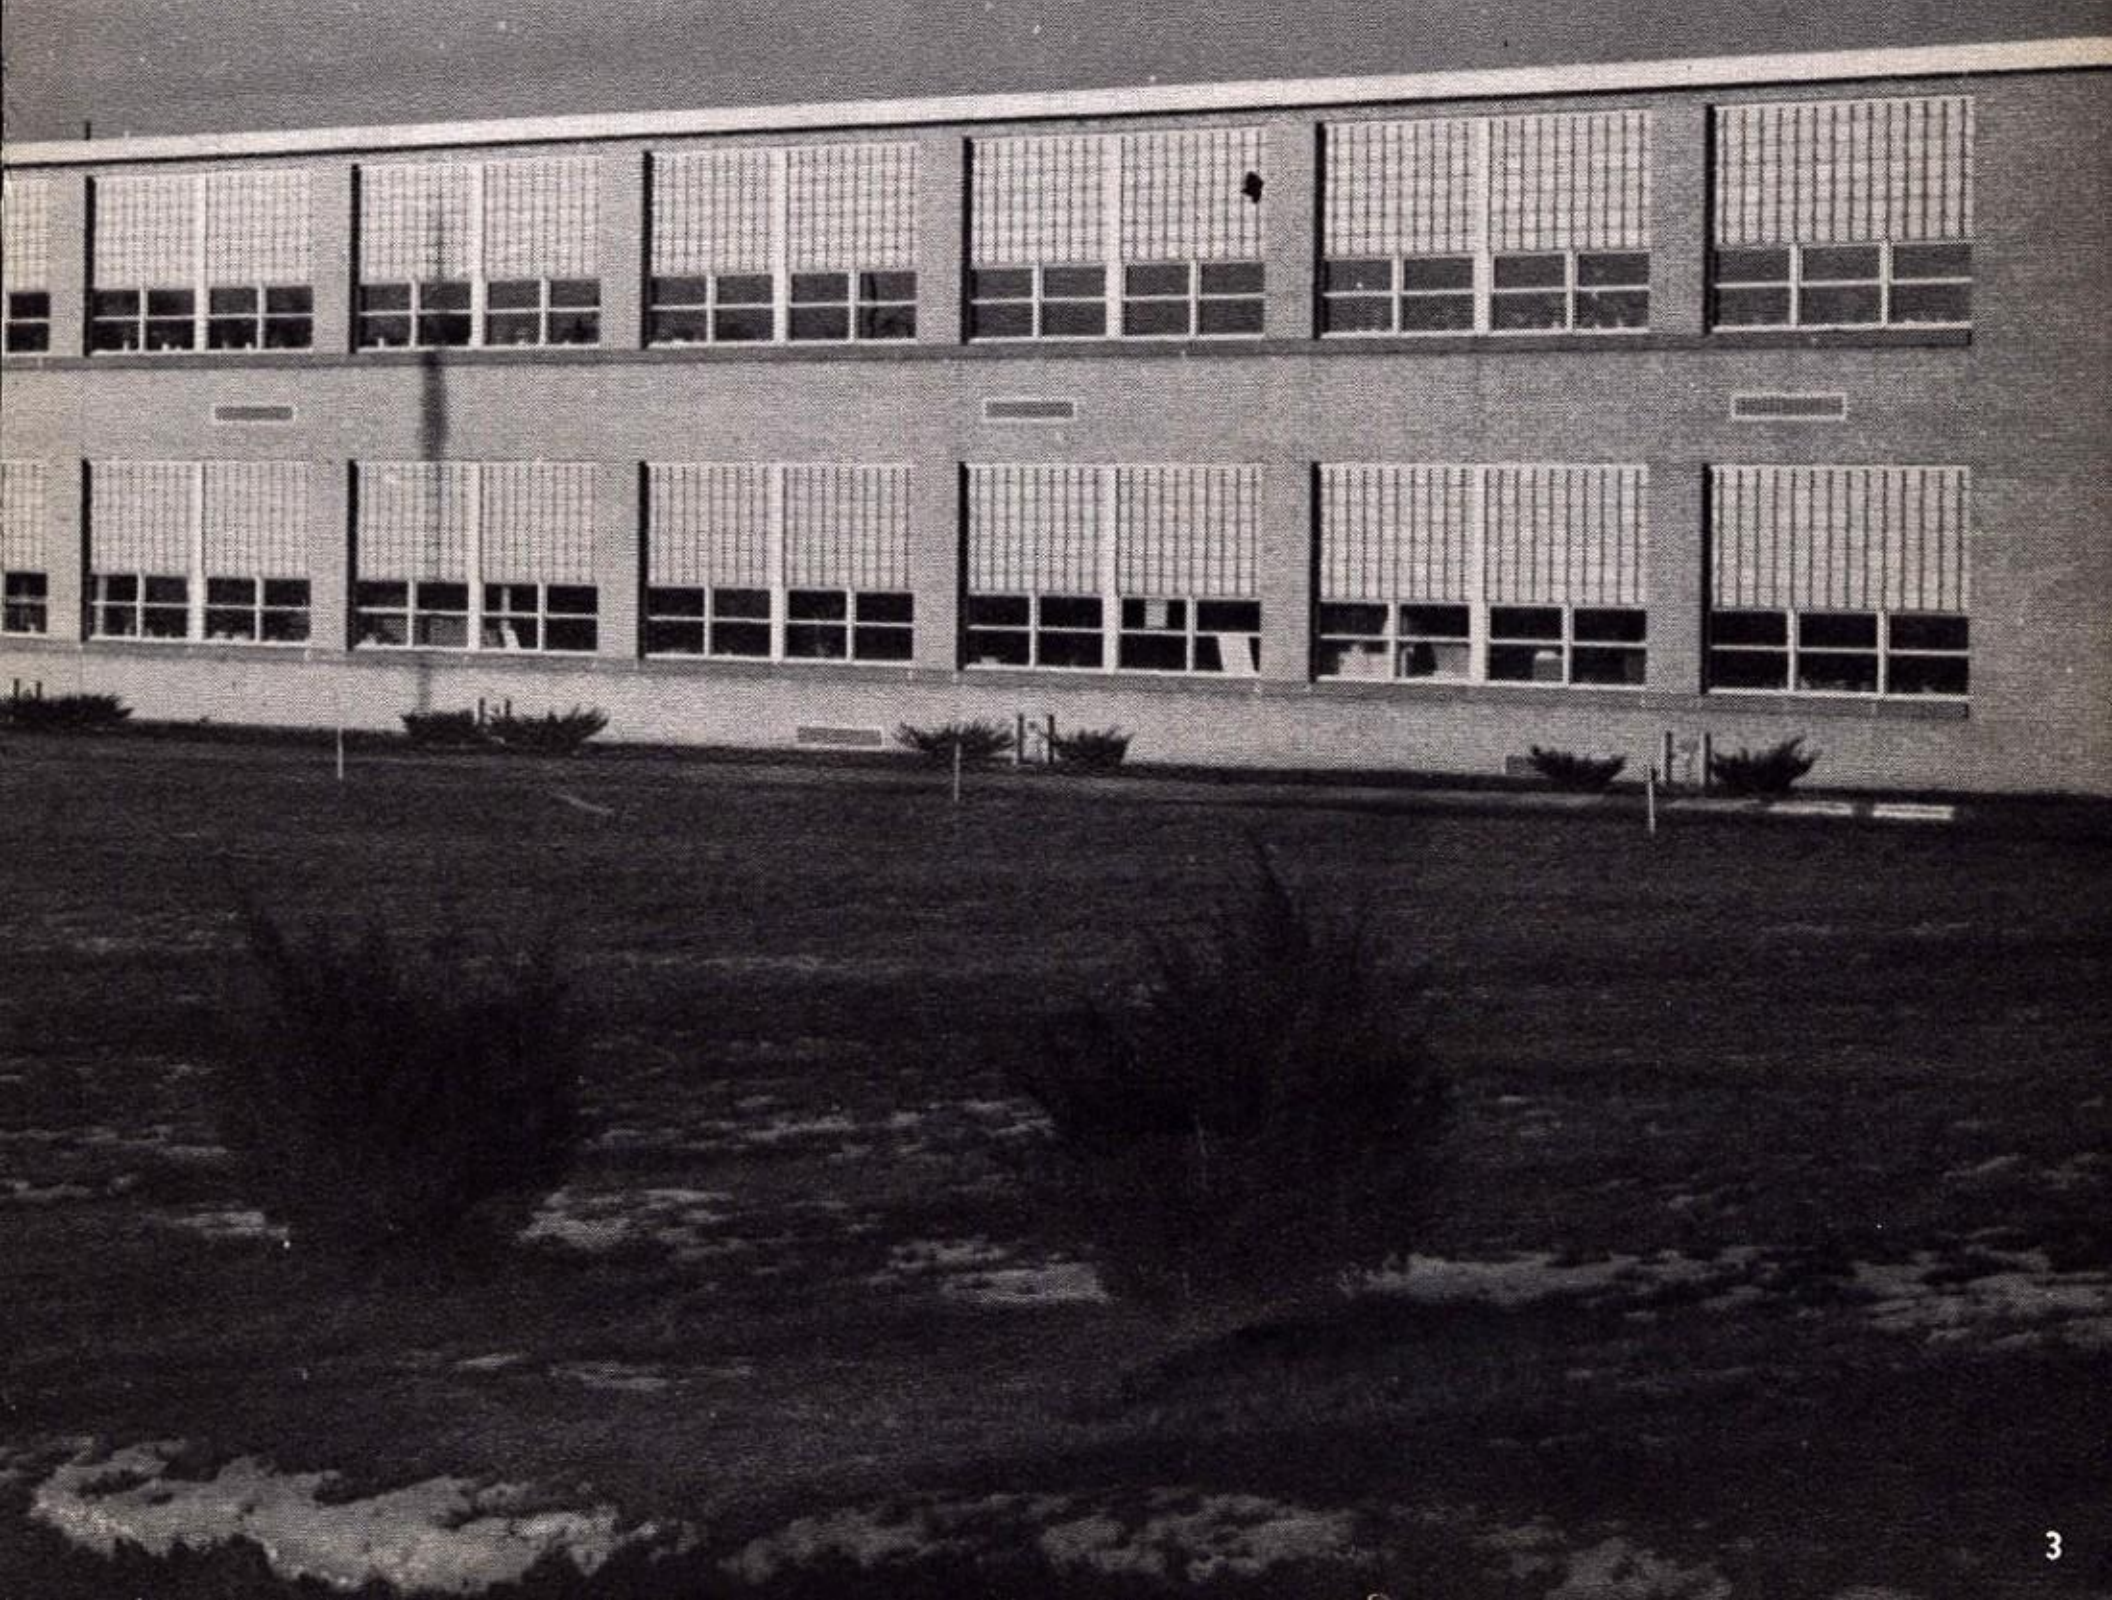
H. Hagedorn

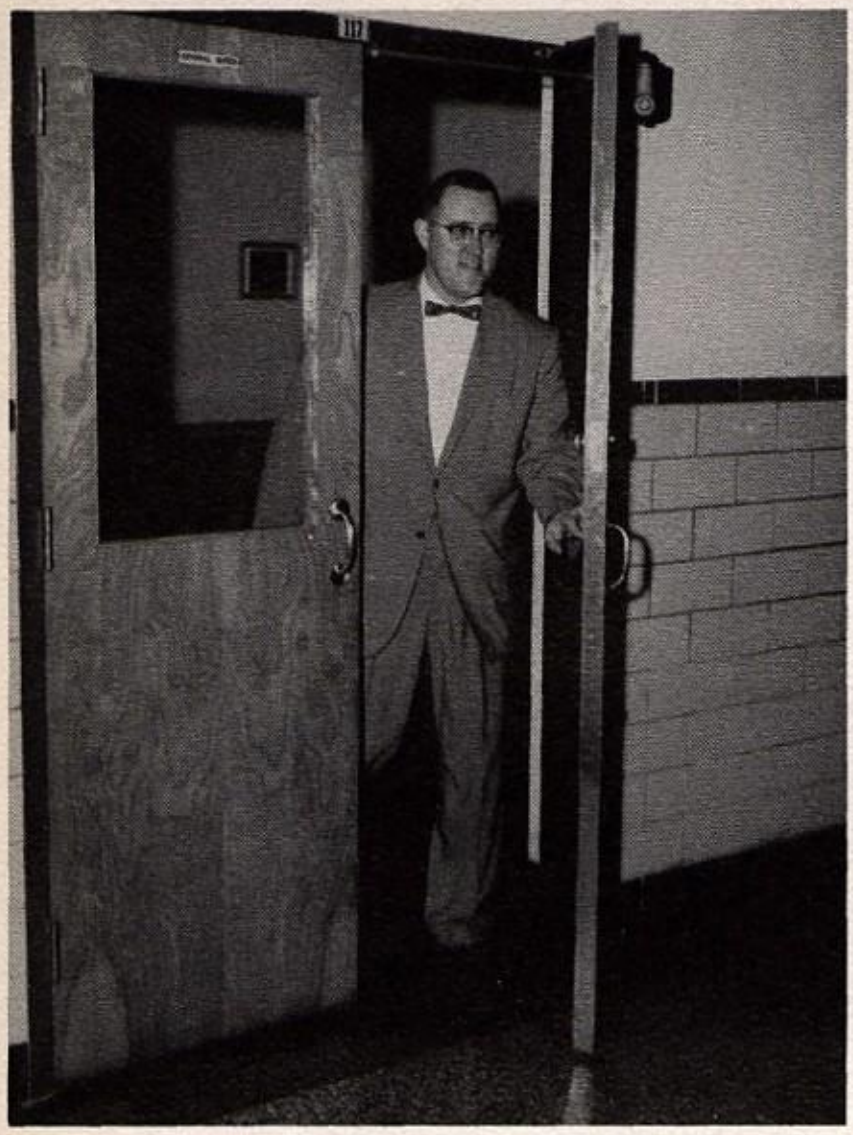
While traveling the corridors of Franklin, we, the Senior Class of 1962, have closed doors on many memorable experiences. Now, as we approach the last door in high school, our graduation, we look toward the doors of the outside world and wonder what new experiences will be waiting. Before we leave, however, we should like to reopen the doors of the past year for you through the 1962 QUILL.

Franklin Area Joint High School
Murrysville, Pennsylvania



Quill
1962



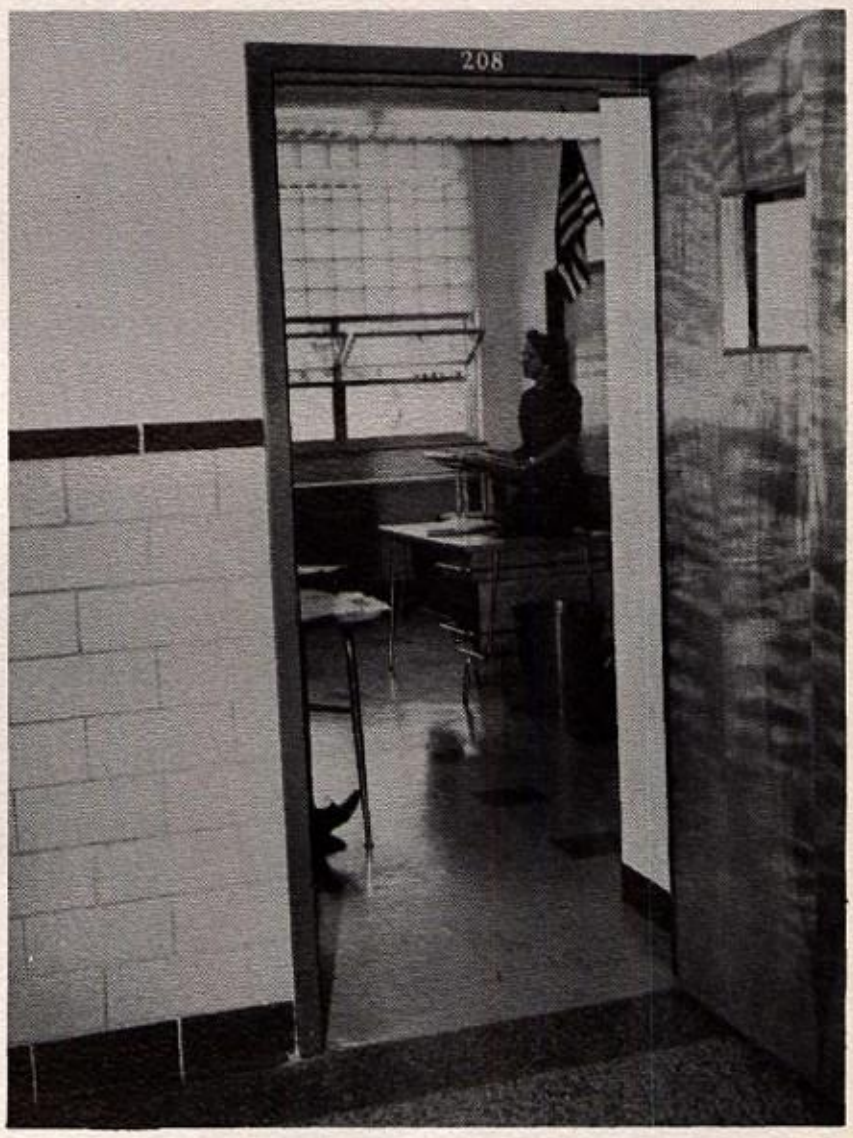


Administration . . . . . page 9

Inside the office door, Franklin's administration performs its work. The business portion of teaching is accomplished by these people, and they act as a link between the teachers and the school board. Without the administration, Franklin's doors could not remain open.

Faculty . . . . . page 13

The teachers play a major role in our education; they open the doors of learning for us. Their classroom instructions, advice, and sponsorship of extracurricular activities enable us to grow mentally. With their aid we are able to progress to other doors of our lives.



Underclassmen . . . . page 23

The underclassmen at first have a difficult time attaining the heights of older comrades; but, gradually, the physical maturity is supplemented by an increasing mental growth. The formerly-unreachable heights become very near, and well within their grasps. Once the door of knowledge has been opened, an increasing growth of the mind will keep it open.

Clubs . . . . . page 45

The clubs of our school afford many doors which open our experiences to new worlds of learning. Without the aid of these clubs, much would have been lost and many experiences could not have occurred. We are deeply indebted to the fun and happenings which can attribute to these fine organizations.

Activities . . . . . page 53

The varied interests of a person are easily satisfied by various activities. Often times, an interest in an activity brings about a complete evolution in one's life. It is through experience in various activities that many formerly-closed doors swing open.

Sports . . . . . page 71

Sports play an important part in school life at Franklin. With the opening of their doors come good sportsmanship, athletic prowess, entertainment, and school spirit. Whether games are won or lost, an education is gained by both players and spectators, and Franklin profits.

Seniors . . . . . page 87

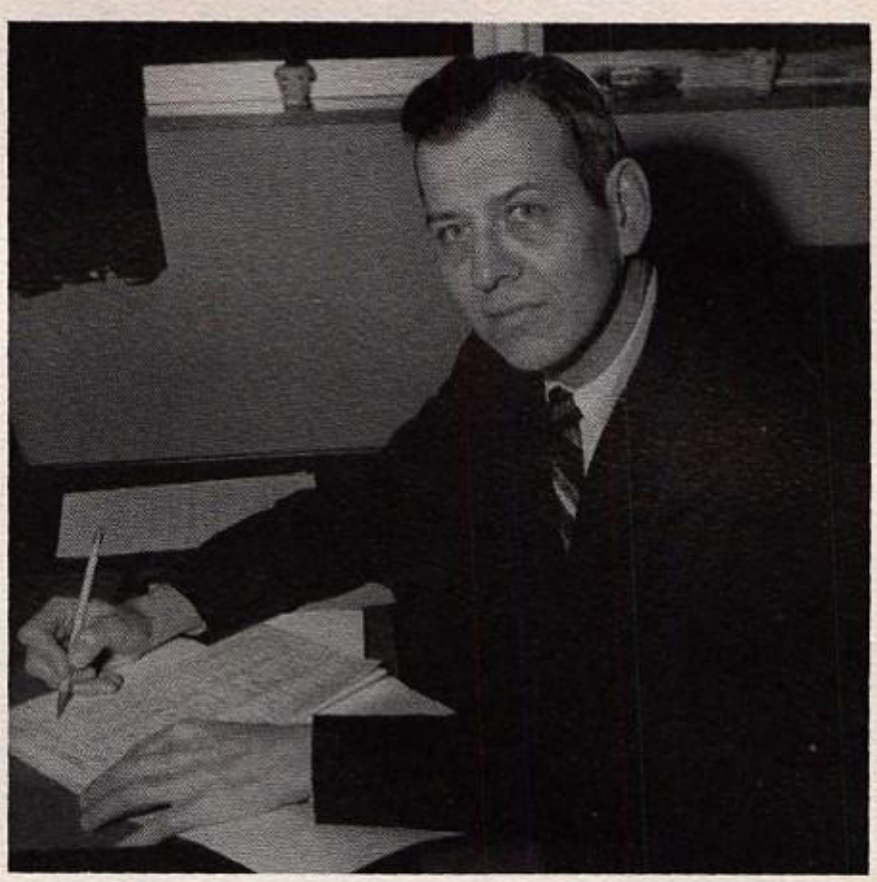
After six years, the seniors are finally departing from Franklin. They leave with happiness knowing they have reached an important door in their lives. But they also feel a bit of regret, remembering all the good times they have experienced together, and knowing their years at Franklin have ended.

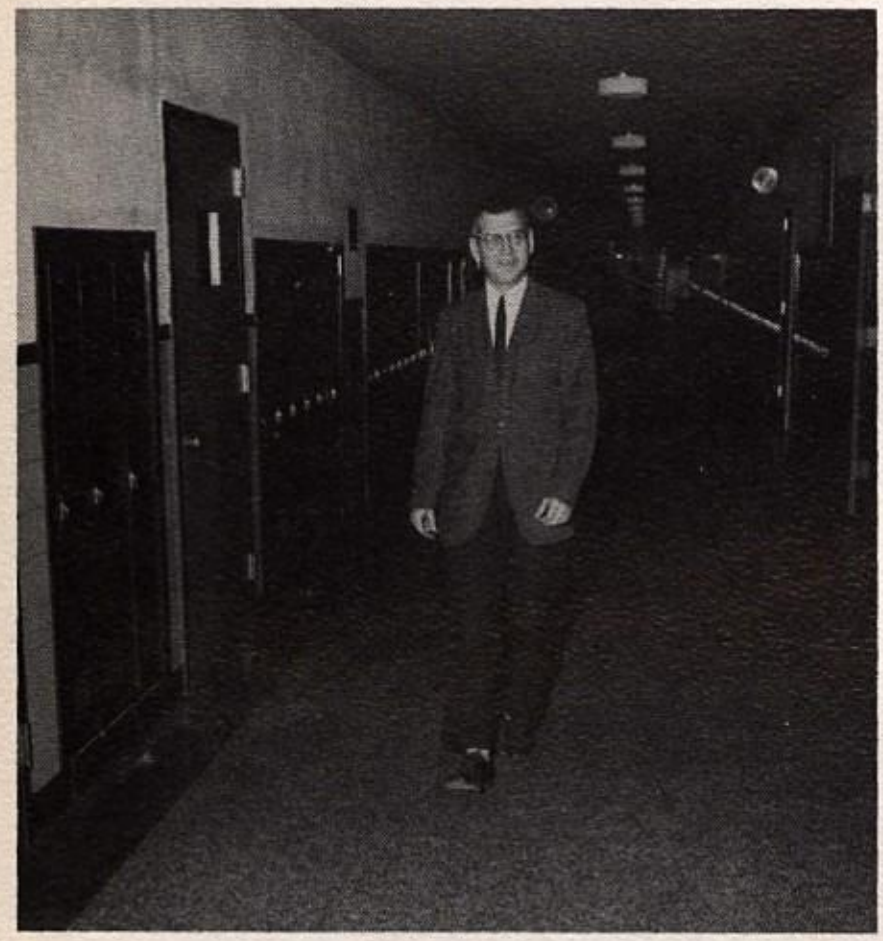
Advertisements . . . page 127

As the car door is shut, we enter the business establishments of this area and employ their services. The stores, whether they are banks, groceries, or beauty salons, are familiar because they have become a part of our lives. In them we fill our needs and then leave, but their doors remain open for future purchases.

Dedication

MR. WILLIAM T. BLISSMAN





The Senior Class of Franklin Area Joint High School proudly dedicates the 1962 Quill to Mr. William Blissman, our teacher, head sponsor, and director of extracurricular activities. With great appreciation we acknowledge his work, time, and endless effort shown toward us, especially during the time of our Junior Prom.

We thank you, Mr. Blissman, for your thoughtfulness and friendliness to us all.

SCHOOL BOARD

The Franklin Area Joint School Board is an important part of our school, community and state. This board is elected by the voters and holds the final authority over the schools. It performs such tasks as assessment of taxes and the insurance of an adequate educational program. This year, under the direction of Mr. Lee Kilgore, president, its works has included arrangements for the new junior high school and preparation for the merger with Export.

As a result of the merger, the school board now consists of seven members from Franklin Township, five members from Salem Boro, and five members from Export.

François Benoit

When, on a Saturday in May last year, I received a letter from Mrs. Miller, I knew that my wishes were becoming reality.

I had several reasons to be interested in coming to the United States. I, of course, had a personal desire for traveling. Most of all, I wanted to see and know other peoples. I thought that we should free ourselves of preconceived and accepted ideas concerning other nations, that we should have a mutual understanding instead of keeping alive the old feuds and rivalries. In our modern world the United States as leading power came first for my purpose. I was very hopeful when I applied to the American Field Service, which promotes such a program for international understanding. And how happy I was to be selected as an Exchange Student! I had read books about the life in the States, but I still could not form a vivid image of it.

Here, with the Millers, I participated in the life of an American family; at Franklin Area Joint High School I became acquainted with American girls and boys in everyday life, and I learned about American history and the American way of life. But I was not just an onlooker; I tried to give a more precise picture of the French people—their culture, social life, and problems.

I want to thank very much Franklin Area Joint High School and the people of Murrysville for their wonderful hospitality and for the effort they make to help the American Field Service. When I return to France, I shall miss my new family, school, and friends.

Class of 1962

During the past six years the senior class has been kept busy with dances, money-making projects, studies, and extracurricular activities. Our junior high years proved to be very prosperous. In seventh and eighth grade we sold artificial corsages, and in ninth grade we had a spaghetti dinner. Our sophomore year was highlighted by the "Sweetheart Swirl," our Valentine's dance. In eleventh grade we sponsored "The Ghostly Groove," and sold light bulbs. "An Evening in the Islands," our Junior Prom, turned out to be a very delightful night. Our trip to Gettysburg was a memorable experience, as was our trip to Washington, D. C., in our senior year. Our senior year was concluded by our Thanksgiving Dance, "Corne d'Abondance;" "Winter Wonderland," our Christmas Dance, and our graduation.

SENIOR CLASS OFFICERS AND SPONSORS: *Row One:* Jay Jones, President; Carol Ann Bonati, Vice President; Ron DelCotto, Sec.-Treasurer. *Row Two:* Mr. Smith, Mr. Bowers, Mrs. Brewer, Mr. Blissman, Mr. Sasala.
